CAREER OBJECTIVE

Enthusiastic and motivated fresher seeking a Software Developer role to apply my programming skills, learn emerging technologies, and contribute to innovative projects while growing as a professional in a dynamic organization. Possess knowledge in Java Full Stack Development and frontend technologies such as HTML, CSS, and JavaScript.

SKILLS

- Programming Languages: Java
- Web Technologies: HTML, CSS, JavaScript
- Backend Technologies: J2EE, JDBC, Servlets, JSP
- Database: MySQL
- Tools & Platforms: GitHub, VS Code
- Soft Skills : Self-Motivation , Problem-solving , Teamwork & collaboration , Leadership , Consistency , Time Management , Adaptability

INTERNSHIP

Java Full Stack Developer Intern — Present

Dhee Coding Lab

- Learning and working on Java Full Stack Development technologies including Core Java, Java 8, J2EE, Servlets, Spring Boot, HTML, CSS, JavaScript, React.js, and MySQL.
- Gaining hands-on experience in frontend and backend application development through projects, real-time problem solving, and practical development sessions.
- Collaborating on mini projects and improving knowledge in database connectivity, REST APIs, and responsive web application development.

EDUCATION DETAILS

B.E Computer Science and Engineering — 2026

KNS Institute of Technology, Hegde Nagar, Bengaluru, Karnataka

CGPA: 8.5

Pre-University Course (PCMB) — 2022

SNPU Independent PU College, Hosadurga, Karnataka

Percentage: 85%

SSLC

SNERDT School, Hosadurga, Karnataka

Percentage: 93.6%

PROJECTS

Library Management System (Mini Project)

- Developed a Library Management System to streamline book inventory, member registration, and borrowing processes.
- Designed and implemented a database to manage book records, member details, and transaction history.

Intelligent Drug Prediction Using Machine Learning (Major Project)

- Developed an AI-based web application using Flask and Decision Tree Classifier to predict suitable drugs based on patient health parameters.
- Implemented features like patient history tracking with date/time, drug information display, mobile-responsive UI, and doctor-patient dual login system.
- Designed using HTML, CSS, JavaScript (Frontend) and Python, Flask, Pandas, Scikit-learn (Backend).

CERTIFICATIONS

- Introduction to Data Science — Cisco Networking Academy (2025)
- Programming in Python — SWAYAM / Dibrugarh University (2025)
- AI Fundamentals – IBM Skills Build (2025)
- Java Full Stack Developer Internship Certificate – Dhee Coding Lab (Present)
